JEEL brings you exclusive discounts from top online and local businesses across the UAE. Shop smarter, save more!

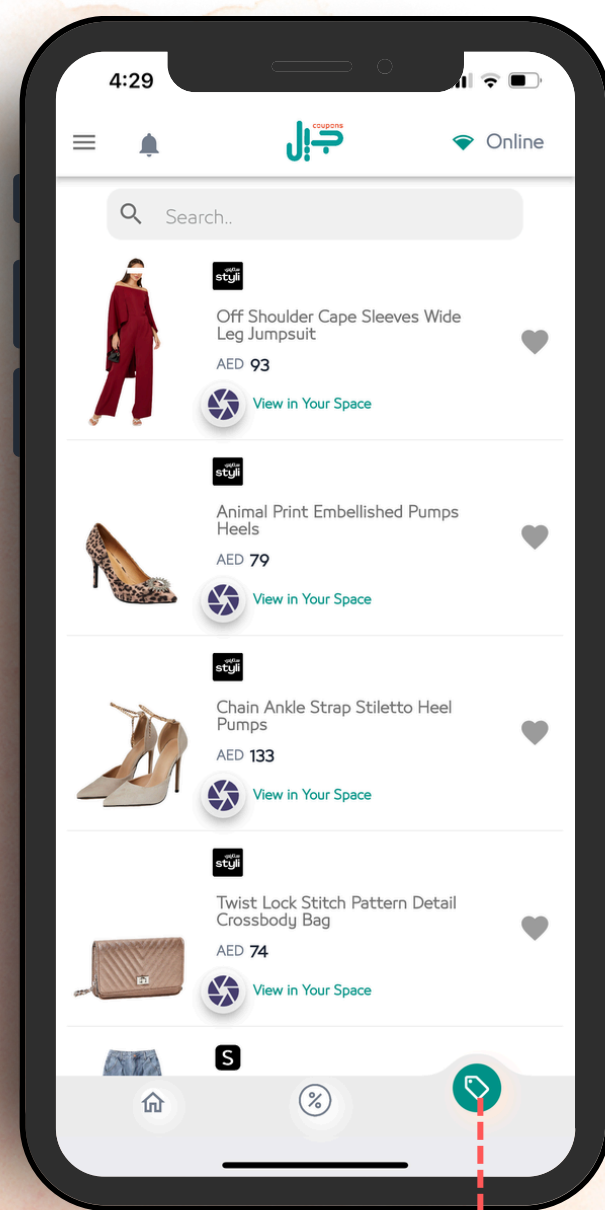

JEEL has three main categories:
Stores, Offers, and Coupons, easily
accessible from the navigation bar.

 **Stores**

 **Coupons**

 **Offers**

One of JEEL's standout features is 'View in Your Space,' which lets you preview products like clothes, furniture, etc., using your mobile camera before making a purchase.

 **Offers**

Tap the Offers tab in the navigation bar to browse all products along with their descriptions and details.

Tap on any product to view its full details, including price, description, and available discounts.

Offers

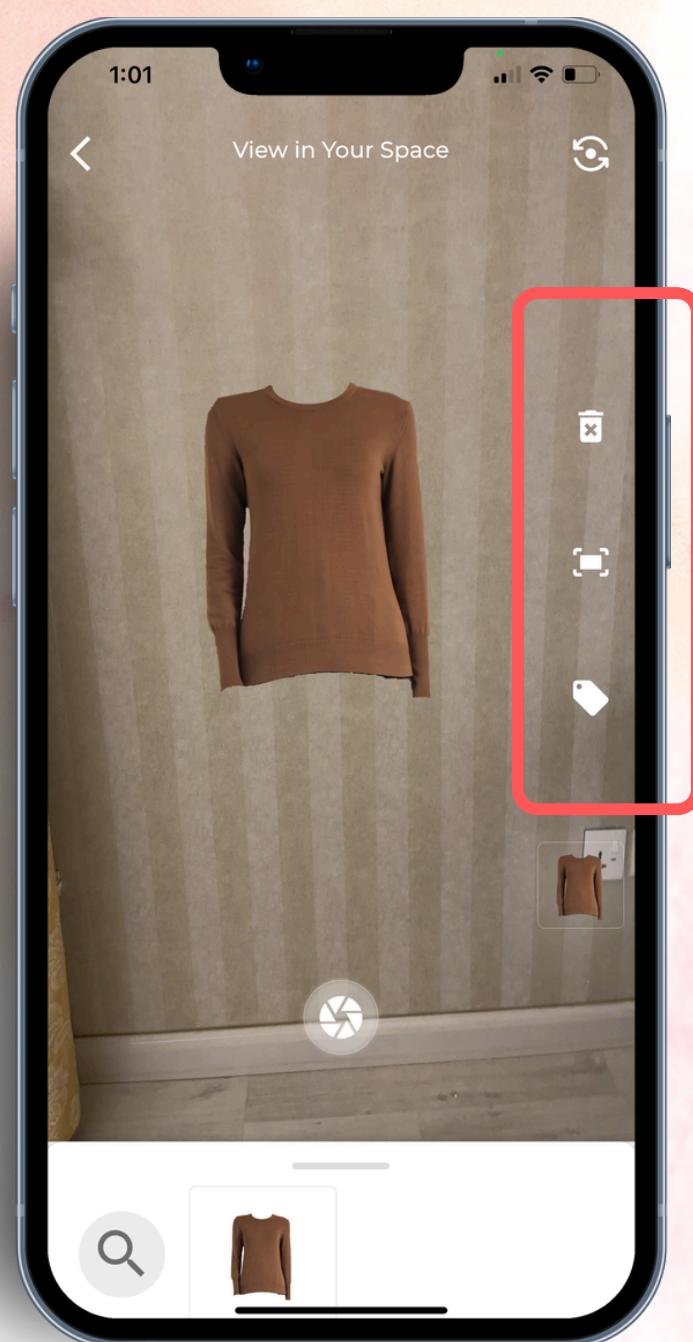

View In Your Space

You can tap the 'View in Your Space' icon next to the products to see how it looks in real life.

When you tap 'View in Your Space,' your mobile camera will open, and the product will appear right in front of you on the screen.

When the product is displayed on your camera, you'll see three buttons: delete, reset size, and view product details.

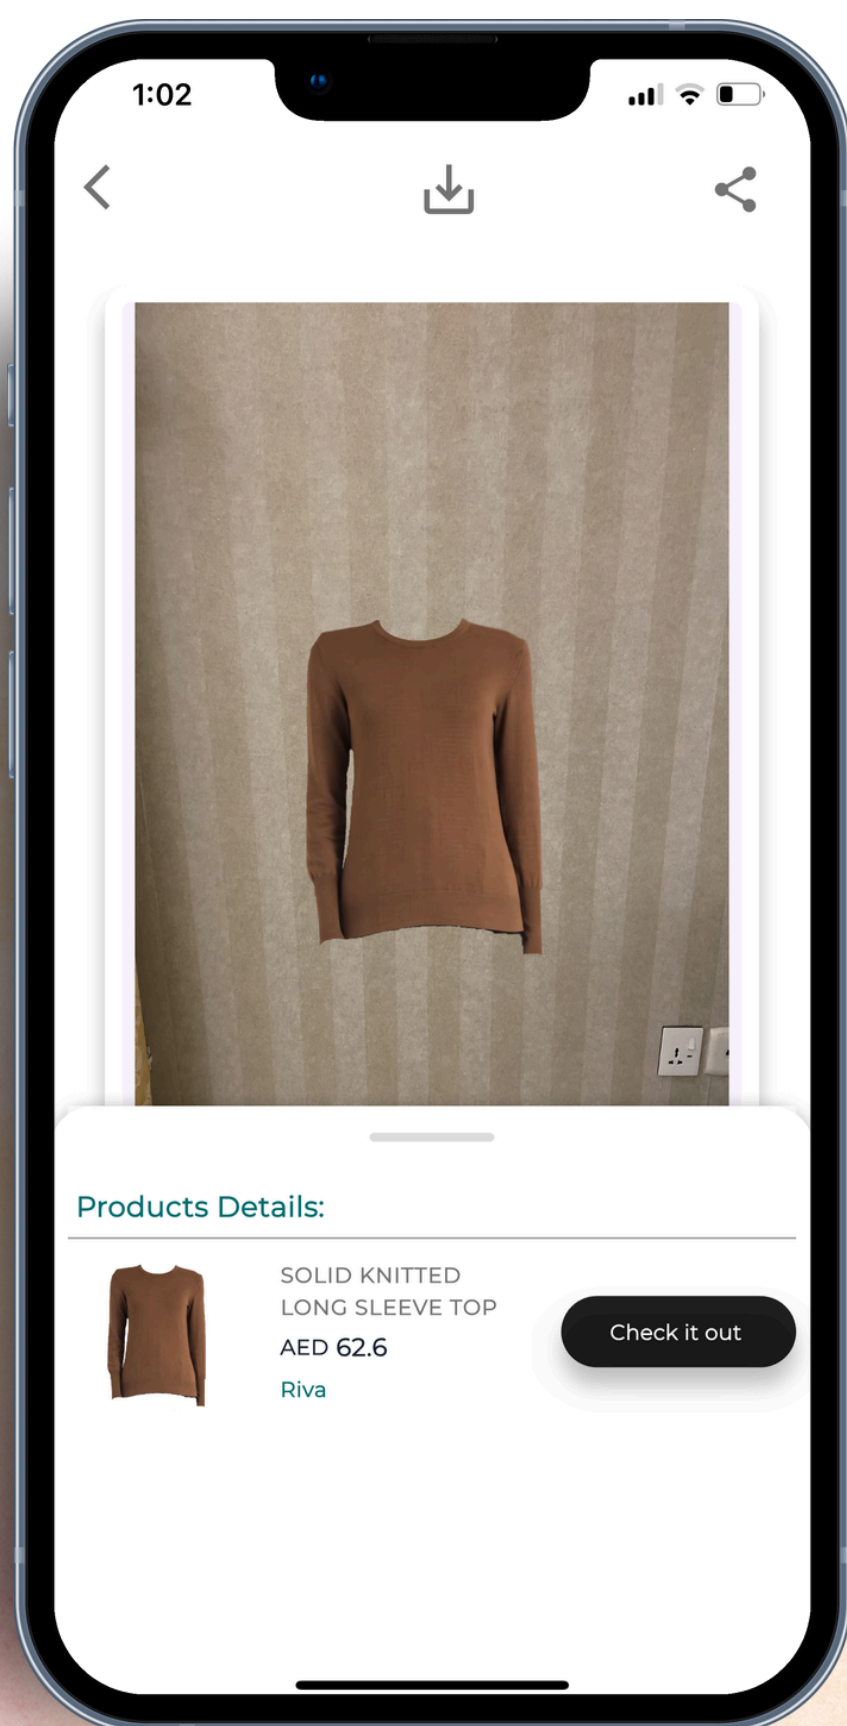

Search

To view multiple products at once, like outfits, simply tap the search button and select the items you want to add.

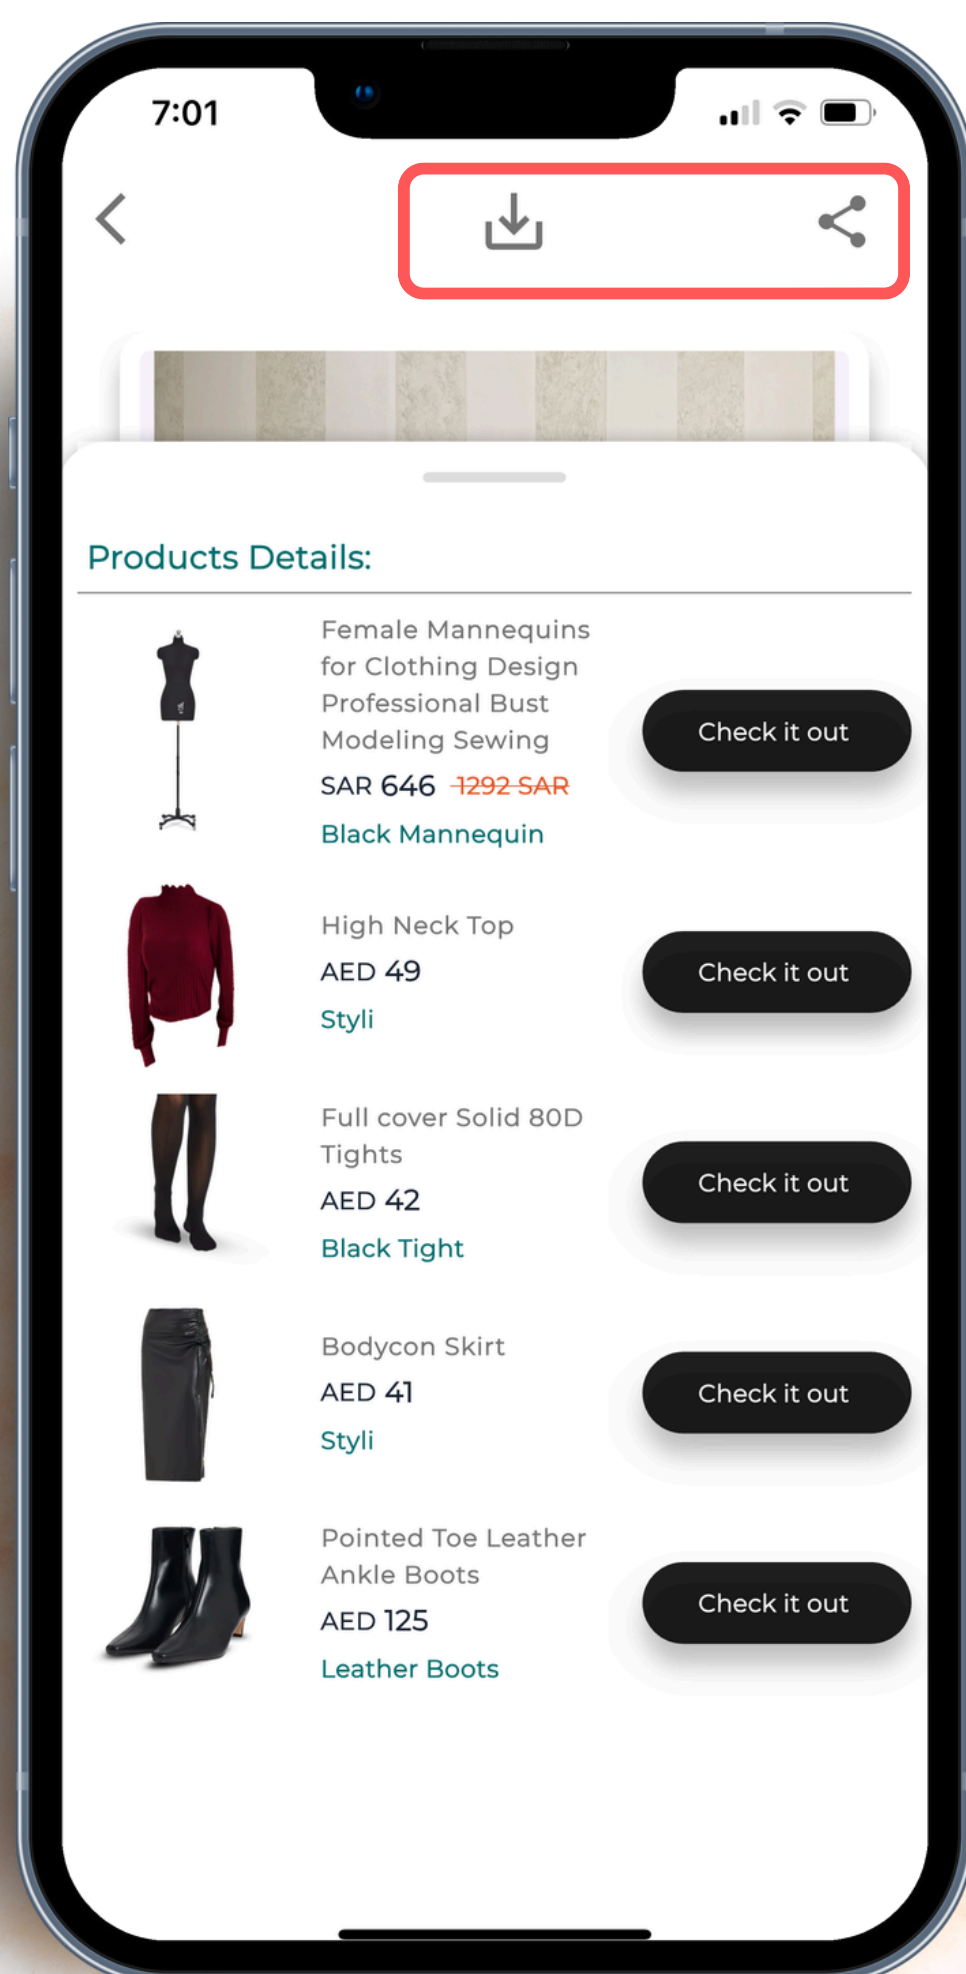

Once you're ready, take a photo by pressing the camera button. Then, tap 'Continue' to move to the next step.

Next, you'll see your photo along with a summary of details. Each product will have a link that directs you to the brand's website.

In the end, you can save the photo or share it , along with all the product details, with anyone you like.
